

Department: Science

Grade Level: 7

Grading Period: 6

Week: 3

Dates: 04/28 - 05/05/2020

100% Every Student, Every Day Tuesday - Tuesday

	Tuesday 04/28/20	Wednesday 04/29/20	Thursday 04/30/20
TEKS	S.E.: 7.12C recognize levels of organization in plants and animals, including cells, tissues, organs, organ systems, and organisms.	S.E.: 7.12C recognize levels of organization in plants and animals, including cells, tissues, organs, organ systems, and organisms.	S.E.: 7.12C recognize levels of organization in plants and animals, including cells, tissues, organs, organ systems, and organisms.

Lesson Objective (WE will learn) Anticipatory Set	We will learn to recognize levels of organization in plants and animals, including cells, tissues, organs, organ systems, and organisms.	We will learn to recognize levels of organization in plants and animals, including cells, tissues, organs, organ systems, and organisms.	We will learn to recognize levels of organization in plants and animals, including cells, tissues, organs, organ systems, and organisms.
I will statement Independent Practice	I will complete 7.7B Picture Vocabulary.	I will begin 7.7B Background Reading	I will watch video clip on 7.12C Organization Levels
Instruction: Modeling Guided Practice Independent Practice	1. 7.12C Picture Vocabulary (link on Canvas)	1. 7.12C Background Reading (on Canvas)	1. 7.12C Organization Levels video https://google.discoveryeducation.com/learn/play/er/1af6d427-dcba-411b-b116-133c26b430bb (Trying to figure out link for canvas but links easily thru Google Classroom)
	Homework: None	Homework: None	Homework: None
Seed Question FSGPT	What are the levels of organization in the structure of plants and animals in order from the simplest to the most complex? What are the relationships among cells, tissues, organs, and organ systems in plant and animal organisms?	What are the levels of organization in the structure of plants and animals in order from the simplest to the most complex? What are the relationships among cells, tissues, organs, and organ systems in plant and animal organisms?
