

Department: Science

Grade Level: 7

Grading Period: 6

Week: 4

Dates: 05/05 - 05/12/2020

100% Every Student, Every Day Tuesday - Tuesday

	Tuesday 05/05/20	Wednesday 05/06/20	Thursday 05/07/20
TEKS	S.E.: 7.12B identify the main functions of the systems of the human organism, including the circulatory, respiratory, skeletal, muscular, digestive, excretory, reproductive, integumentary, nervous, and endocrine systems. Supporting Standard	S.E.: 7.12B identify the main functions of the systems of the human organism, including the circulatory, respiratory, skeletal, muscular, digestive, excretory, reproductive, integumentary, nervous, and endocrine systems. Supporting Standard	S.E.: 7.12B identify the main functions of the systems of the human organism, including the circulatory, respiratory, skeletal, muscular, digestive, excretory, reproductive, integumentary, nervous, and endocrine systems. Supporting Standard
Dual Coding	Process Standard 7.3	Process Standard 7.3	Process Standard 7.3
Lesson Objective (WE will learn) Anticipatory Set	We will learn to identify the main functions of the systems of the human organism, including the circulatory, respiratory, skeletal, muscular, digestive, excretory, reproductive, integumentary, nervous, and endocrine systems.	We will learn to identify the main functions of the systems of the human organism, including the circulatory, respiratory, skeletal, muscular, digestive, excretory, reproductive, integumentary, nervous, and endocrine systems.	We will learn to identify the main functions of the systems of the human organism, including the circulatory, respiratory, skeletal, muscular, digestive, excretory, reproductive, integumentary, nervous, and endocrine systems.
I will statement Independent Practice	Content Connections Videos - Muscles, Bones and Blood	I will watch Brain Pop Body Systems Overview https://www.brainpop.com/health/bodysystems/body systems/ and begin 7.12B STEMscopedia Reading	I will complete 7.12B STEMscopedia Reading and watch Content Connections Videos - Muscles, Bones and Blood
Instruction: Modeling Guided Practice Independent Practice	1. 7.12B Picture Vocabulary 2. 7.12B Science Rocks Video	1. Brain Pop Video 2. 7.12B STEMscopedia Reading	1. 7.12B STEMscopedia Reading and 2. Watch 7.12B Content Connections Videos - Muscles, Bones and Blood
	Homework: None	Homework: None	Homework: None
Seed Question FSGPT	What are the different systems of the human body and what are their main functions?	What are the different systems of the human body and what are their main functions?	What are the different systems of the human body and what are their main functions?
